Summary

I am a computer science engineering student at Kaziranga University. Due to graduate in the coming months, I am eager to secure challenging roles in Software Development.

Modules studied during my degree include object-oriented programming, systems & architecture, software engineering management, operating systems, Cloud computing, artificial intelligence, designing secure systems, computer networks .

I am eager to hear about potential career opportunities, so I would be pleased to chat about job openings in the engineering sphere.

My key skills include: Data Structures, Algorithms, Java, C++, Computer Networks, Operating System, Cloud computing.

Experience

Web Developer
LEARNOVATE ECOMMERCE
Jun 2021 - Present (3 months +)

Student
Kaziranga University
Aug 2018 - Present (3 years 1 month +)

Education

Kaziranga University
Bachelor of Technology - BTech, Computer Engineering
2018 - 2022

Licenses & Certifications

Technical Support Fundamentals - Google
https://coursera.org/share/3ef2275df0cf3fe514b6f0ce5e31176b

The Bits and Bytes of Computer Networking - Google
https://coursera.org/share/ca3c03f7262fe95e338cc97ff2eabedd

Skills

C++ • Cybersecurity • Java • Technical Support • Cloud Computing • Data Structures • Linux • Operating Systems • Git • Database Management System (DBMS)

Honors & Awards

IBM Inter-university Competition - IBM

Apr 2020

2nd position in inter-university Ideathon
